SCHOOL DISTRICT OF CLAYTON

2023-2024 Budget Introduction

The School District of Clayton (District) is one of the top performing school districts in Missouri, serving approximately 2,400 students with highly qualified staff, smaller class sizes and expanded educational opportunities.

The District is grateful for strong community support, which is key to providing a quality education for District students. The District values the respect and trust the community places in the District's stewardship of tax resources. The District's academic success is due in part to its strong financial position and stable fund balances.

The Board of Education, together with staff, parents and patrons of the District are united in our commitment to student learning. Our mission, vision and core values embody why we are here, what we want our students to become, and the principles that guide our work. The District's mission to inspire each student to love learning and embrace challenge within a rich and rigorous academic culture, and the vision to develop leaders who shape the world through independence, creativity and critical thinking set the standard for the education we provide.

The *Profile of the Clayton Graduate* describes the attributes we hope for every Clayton graduate. The *profile* envisions graduates who are self-actualized, intellectually curious, culturally competent, empathetic, creative thinkers and collaborative. The *profile* influences our approach to learning.

The District is governed by a seven-member elected Board of Education. Board governance is primarily by establishing District policy and hiring a Superintendent to oversee the District on a day-to-day basis. The budget is a vital policy document, and establishes financial accountability for District operations.

Board of Education

Ms. Amy Rubin	Board President
Ms. Stacy Siwak	Board Vice-President
Mr. Gary Pierson	Board Secretary
Ms. Kim Hurst	Board Treasurer
Mr. Jason Wilson	Director
Ms. Chris Win	Director
Mr. Jason Growe	Director

The Superintendent is the Chief Executive Officer of the District, supported by an administrative team.

John Brazeal	Chief Financial Officer
Jeff Puls, CETL	Chief Technology Officer

Chief Communications Officer

This budget represents the financial plan for the District for the 2023-2024 fiscal year. Its primary purpose is to provide the reader useful information regarding the past, present and projected future financial status of the District.

The spending plan set forth in the budget is designed to support the mission, strategic plan, goals and objectives of the District as adopted by the Board of Education while ensuring fiscal responsibility to the community. The District's strategic plan is developed around three goals:

• Goal #1 – A place for everyone... We will ensure all learners, regardless of their identity, feel safe and valued.

• Goal #2 - ...to grow as learners... We will commit to the educational growth of our learners

through an equitable, personalized and individualized

learning experience.

• Goal #3 - ...in head and heart. We will be dedicated to the personal growth of our learners

in their social, emotional and physical well-being.

Financial resources are allocated in accordance with the goals and objectives outlined within the strategic plan. Preparation of the budget involved input from staff, administrators and instructional leaders throughout the District.

The best evidence of fiscal responsibility and financial stability is that the District is one of four Missouri school district to maintain a "AAA" bond rating by S&P. This rating is the result of ongoing prudent fiscal practices, including balanced budgets, proper financial policies/procedures, vigorous internal controls, sufficient fund balance reserves, upkeep of facilities, low levels of debt, and long-term perspectives.

In the pages that follow, the 2023/24 budget is presented in summary form and in detail form to enable insight and transparency into District finances. District administration is confident the 2023-2024 budget continues to guide the District in a fiscally responsible direction.

Questions concerning any of the information provided in this report should be addressed to the Chief Financial Officer at School District of Clayton, #2 Mark Twain Circle, Clayton, Missouri 63105.

SCHOOL DISTRICT OF CLAYTON

2023-2024 Budget Summary

The following sections are intended to provide an overview of the 2023-2024 budget. Detailed budget information is provided later in this document.

Budget Highlights

- The 2023-2024 budget is balanced. Legally, the district is required to adopt a balanced budget, meaning that planned expenditures do not exceed the combination of anticipated revenue collections plus any beginning fund balances. During 2023-2024, Operating Fund balances (Funds 1 & 2 combined) are anticipated to increase by fiscal year end.
- 2. Projected operating revenue has been reasonably estimated.
- 3. Property tax revenue is anticipated to grow approximately 5% due to reassessment and allowable CPI growth, along with growth in assessed valuations due to new construction.
- 4. Projected operating expenditures have been reasonably estimated and are programmed in accordance with goals set forth in the district's strategic plan. Many estimates rely upon budget requests from school buildings and district departments or programs.
- 5. Fund 3 General Obligation Bond debt is scheduled to pay down \$9,410,000 to end the year at \$34,752,000. All Fund 3 debt is currently scheduled to be paid off by March 1, 2029.
- 6. Fund 4 Lease/Purchase debt is scheduled to pay down \$515,000 to end the year at \$2,760,000. All Fund 4 debt is also currently scheduled to be paid off by March 1, 2029.
- 7. Various capital improvement projects are programmed in Fund 4 and do not require borrowing to reach completion. No major construction projects are planned.
- 8. Overall, the budget continues to support the excellent staff, facilities and operations of the District at the level expected by students, parents and patrons.
- The information contained in this report complies with the requirements of Board Policy DB Annual Budget.

Strategic Plan Alignment

In accordance with goals set forth in the district's strategic plan, expenditures are focused on instruction, human resources, capital improvement, programs and financial sustainability. Significant strategic plan connections include:

- Goal #1 A place for everyone... The 2023-2024 budget expands funding for safety and security services, systems and supplies to help ensure all learners feel safe and valued.
- Goal #2 ...to grow as learners... The 2023-2024 budget includes investments for curriculum and technology purchases to support the educational growth of our learners.
- Goal #3 ...in head and heart. The 2023-2024 budget includes funding for social and emotional staff and supports to enable the well-being of our learners.

Budget Structure

The District operates on a July 1 - June 30 fiscal year. The budget is prepared across 4 different funds as required by the Missouri Department of Elementary and Secondary Education (DESE) regulations.

- 1. Fund 1: General (Incidental) Fund this fund accounts for compensation and benefits for non-certified employees, consumable educational supplies and services, facility operations, food service, and any other expenditure not required/permitted to be accounted for in other funds.
- 2. Fund 2: Special (Teachers) Fund this fund accounts for compensation and benefits for certified staff involved in student instruction and District administration.

- 3. Fund 3: Debt Service Fund this fund is restricted for the accumulation of resources to repay General Obligation Bond principal, interest and related charges.
- 4. Fund 4: Capital Improvement Fund this fund is restricted and accounts for investments relating to the acquisition or construction of assets with estimated useful life greater than 12 months. This fund also accounts for lease/purchase debt transactions.

For analytical and/or discussion purposes, the District generally refers to Funds 1 & 2 as the "Operating Funds" as these funds generally account for the expenditures necessary to operate the current fiscal year. Fund 3 and Fund 4 generally account for transactions having a life expectancy greater than 12 months.

Assumptions

Preparation of the budget requires making various assumptions in order to forecast revenue and expenditures. As a result, final actual results will vary from projected results. Significant assumptions include:

- Enrollment and Average Daily Attendance (ADA) which fluctuate throughout the school year.
- Assessed Valuation (AV) which will be determined by St Louis County in August of the fiscal year.
- Property Tax Rate which will be determined in September of the fiscal year.
- Rate of property tax collections which varies year to year.
- Employee benefit rates which renew in January of the fiscal year.
- Anticipated rate of inflation and its impact on District costs.
- Anticipated rates of return on District cash reserves.
- Beginning-of-year fund balances.

Enrollment & Average Daily Attendance

Accurately forecasting these factors is important for determining staffing levels, supply purchases and facility needs. District enrollment and related average daily attendance peaked in 2018 and have been declining since. Enrollment has been declining in the St. Louis region for more than a decade due primarily to lower birth rates. District enrollment is at a 30-year low and projected to slowly decline further. This projected decline has minimal effect upon District revenue projections. Historical and projected enrollment data is provided later in this document.

Assessed Valuation, Tax Rate & Collection Rates

Accurately forecasting these factors is important for determining property tax collections, the primary source of District revenue. Reassessment scheduled for calendar 2023 will impact tax rates to be determined during September of the fiscal year. Tax rate setting is impacted by changes in assessed valuations as determined by the St. Louis County Assessor's Office, as well as changes in the Consumer Price Index (CPI) as determined by the Missouri State Auditor's Office. Preliminary 2023 AV data indicates property tax revenue for 2023-2024 will increase approximately 5%. Historical and projected AV data and tax rates are presented in greater detail later in this document.

Revenue

The revenue budget for 2023-2024 is forecast at \$78.25M, an increase of \$6.15M over prior year 2022-2023 revenue projections. Significant revenue components of the 2023-2024 budget are:

- Property tax growth due to reassessment & allowable CPI capture
- Property tax growth due to new construction

Expenditures

The expenditure budget for 2023-2024 is set at \$75.39M, an increase of \$1.17M over prior year 2022-2023 spending estimates. Significant expenditure components of the 2023-2024 budget are:

- Staff compensation is projected to increase due to revised pay schedules as the District seeks to retain staff and respond to the effects of inflation upon compensation.
- The increased cost of services and supplies due to inflation has been accounted for within the budget.

Account Code Structure & Definition of Budget Terms

The District uses an account code structure that complies with the Missouri Account Manual. The account code structure has the following components:

Fund	Function	Object	Location	Source	Project	Misc-1	Misc-2
XXX	XXXX	XXXX	XXXX	Χ	XXXXX	XXX	XX

A brief explanation of each segment of the account code structure is:

- The District maintains four Funds: General, Teachers, Debt Service and Capital Improvement.
- Function refers to the action or purpose of the expenditure, such as elementary instruction, or social work, or facility maintenance.
- Object describes the type of expenditure, such as salaries, employee benefits, services, or supplies.
- Location can refer to either a building or a department
- Source of Funds is used to identify an expenditures paid from a specific revenue source.
- Misc-1 and Misc-2 are used to add further coding for additional tracking purposes.

Budget Number Data

The next several pages provide several views of budget numbers

- 1. View #1 is a snapshot of the 2023-2024 budget by <u>Fund</u>. Revenue and expenditures are presented in summary form by <u>Object</u>.
- 2. View #2 is a snapshot of the 2023-2024 budget by <u>Fund</u>. Revenue and expenditures are presented in summary form by <u>Function</u>.
- 3. View #3 expands View #2 to provide detail of each expenditure Function.
- 4. View #4 displays 2023-2024 revenue projections by source by Fund.
- 5. View #5 compares 2023-2024 total revenue projections to 2022-2023 prior year revenue projections and actual revenue collections for 2021-2022, 2020-2021 and 2019-2020. Multi-year trends are easily discernable. Please be aware the pandemic years of 2021-2022 and 2020-2021 include data that appears skewed from normal trends.
- 6. View #6 displays proposed expenditures by <u>Function</u> and by <u>Object</u>. This view provides clarity on how expenditures are planned for 2023-2024.
- 7. View #7 compares 2023-2024 planned expenditures to the 2022-2023 prior year expenditure plan, as well as actual expenditures for 2021-2022, 2020-2021 and 2019-2020. Multi-year trends are easily discernable. Please be aware the pandemic years of 2021-2022 and 2020-2021 include data that appears skewed from normal trends.

Revenue for 2023-2024 is summarized in Views #1, #2 & #3. Readers can drill down to greater revenue detail in View #4, and then further in View #5. Expenditures for 2023-2024 are summarized in Views #1 & #2. Readers can drill down to greater expenditure detail in View #3, then further in View #6, and then further in View #7. Fund balance information is presented in Views #1, #2 & #3.

Budget Summary View #1 – by Fund by Object

Revenue is categorized by Local, County, State, Federal and Other. Expenditures are categorized by Salaries, Employee Benefits, Purchased Services, Supplies, Capital Outlay, Principal and Interest payments. The cost of personnel (salaries, wages and benefits) comprise the largest share of District spending, which is typical and necessary for school systems.
