

GLENRIDGE ELEMENTARY SCHOOL

2019-2020 SCHOOL PROFILE

Beth Scott
PRINCIPAL

If a student's family originates from a country other than the United States, the country's flag flies at Glenridge Elementary School because Glenridge proudly serves a diverse population of students and families. Teachers, parents and students share deep relational trust as rich partnerships are formed in support of the academic, physical and social/emotional growth of students. As the oldest students of the school, fifth-graders are empowered to lead monthly cross-grade-level teams where all students explore themes related to "choosing kind" and spreading kindness in their school, community and world. The PTO supports the school's efforts to sustain and build its special community by hosting several events throughout the year.

SCHOOL GOALS

- **Equity:** At Glenridge School we strive for equitable learning opportunities for all students. Our focus is to raise the academic success of African- American students who are below grade level in literacy and math by growing culturally responsive tool kits among teachers as we seek steady academic growth in literacy and math and positive mindsets related to personal levels of achievement.
- **Innovation:** At Glenridge School we strive to inspire student learners toward increased levels of intrinsic motivation and engagement. Our goal is therefore to increase teacher implementation of proven pedagogical moves to nurture important student attributes of intellectual curiosity and creative thinking.
- **Community/Climate:** At Glenridge School we strive to improve our community and climate by proactively supporting each student's social-emotional growth. Efforts are focused on empowering students as they reach independence as learners. Positive relationships between teacher-to-student and home-to-school are foundational to this goal area.
