

HAT 1/29/18

HW Focus/Directrix Definition

- 1) Find the equation of the locus of points that are equidistant from $(5, 2)$ and $y = -4$.
Show a sketch.

HAT 1/29/18

HW Focus/Directrix Definition

- 2) Find the equation of the locus of points that are equidistant from $(7, 2)$ and $x = 3$.
Show a sketch.
