Totals	18.5	33	32.5	15.5	17.5

Revision as of 12.10.14

There are several reasons why some courses are under the enrollment of 10. It can be due to scheduling imbalances, capstone classes, advanced classes, support classes, or single course offerings. For example, AP Spanish is capstone for the Spanish sequence. There are also smaller classes to maximize student support, such as Pre-Algebra.
