

The Drivers Education Program sponsored by the School District of Clayton is a six week program designed to help the students develop the knowledge and skills essential to safe driving. The course consists of 12 hours of class instruction/discussion, six hours of individual driving instruction and six hours of driving observation. Classroom instruction occurs on Saturday mornings from 8:30 a.m. to 10:30 a.m. The required hours of driving instruction are scheduled after school and on weekends. State law requires students must be 15 years of age before the first day of class.
