

IMPORTANT!

School District of Clayton - iPad First Use Instructions

IMPORTANT!	These steps must be followed when powering up the iPad for the first time. If you experience any difficulty with these steps, please contact us using the information provided below.
-------------------	--

- Step 1. **Power on** the device using the single button on the top right edge.
- Step 2. At the “Hello” screen, press the **Home** button.
- Step 3. Select language **English**.
- Step 4. Select country **United States**.
- Step 5. On the “Quick Start” page, click **Set Up Manually** near the bottom of the page.
- Step 6. Select your home Wi-Fi.
Type in your Wi-Fi password.
Press **Join**.
Once connected, press **Next**.
- Step 7. On the “Remote Management” page, press **Next**. (Note: this step can take several minutes.)
- Step 8. On the “Location Services” page, press **Enable Location Services**.
- Step 9. On the “Welcome to iPad” page, press **Get Started**.

Please Note: After these steps are complete, it may take some time for district apps to begin automatically installing.
