

HOME/SCHOOL CONNECTION**INVESTIGATION 1: FIRST ROCKS**

Invent a game that uses different kinds of rocks. It should use the properties of the rocks you have.

Here are some examples. The goal of the game could be to put together similar-looking rocks, like rummy. Or the goal could be finding one rock among many. Or the goal could be to find ways that rocks are the same, like the game of dominos or Crazy Eights. It could also be a brand new game that you invent.

Have a family member help you write the directions for the game so you can share it in class.
