To Qualify for NHS

- Students need 20+ hours of community service each year including freshman year. This is a great time to start volunteering and logging hours now.
- For an invitation to NHS, students must have a 3.6 or higher cumulative GPA.
- Once invited, if a student applies, the student is brought to a faculty council who looks at a variety of information-- grades, faculty feedback, attendance, and disciplinary infractions-- in order to make a decision about entry into NHS. So it might be helpful for families to know that in addition to grades and community service, attendance, discipline, and character are all factors considered for acceptance into NHS.

Logging Community Service Hours

We'll [only accept this form](#) currently on the website. This is a google form. Before filling out the form, please make sure to "make a copy" of the form and save to your personal drive. This helps ensure that the form is not accidentally edited.

Please refer to the website to learn what counts for service hours and what does not. FYI, decorating for Homecoming, fundraising for an organization, or managing a sports team do not count as Community

Service.

A reminder that invitations to apply are given to all 10th, 11th, or 12th graders with a cumulative GPA of 3.6 or higher, who are enrolled at CHS full-time. For further questions about National Honor Society community service hours, please [contact Mrs. Carroll Lehnhoff-Bell](#), co-advisor for CHS National Honor Society.

Please reach out to us if you have any questions.

Thanks and we hope you have a wonderful week!
